Train 665(11) West of Philadelphia, PA - Catenary or Wayside Failure

11JUL26: At 2:55 pm-et train 665(11) operating with locomotives 653-654, 5 cars and 233 customers became disabled without HEP at MP 3 on the PH line due to reported trees in the wire and wires down between Narberth and Overbrook resulting in an emergency plate going into effect taking out the OCS power. Rescue diesel 744 was dispatched to the location 665(11) and pulled 665(11) back to Philadelphia where it was cancelled.

Due to the extent of the damage service on the PH line was suspended for the remainder of the day to allow IMCS to make necessary repairs.

As a result, the following service adjustments have been made:

665(11), 667(11), 669(11) terminated Philadelphia cancelled Philadelphia to Harrisburg

672(11), 674(11) originate Philadelphia cancelled Harrisburg to Philadelphia

670(11) terminated Paoli cancelled Paoli to New York

671(11) cancelled in entirety New York to Harrisburg

Additional service truncations were made for 07/12/26, as the estimated time for completion of repairs and normal operations was adjusted to 12:00pm.

Train 713(11) Corcoran, CA - Engine Failure

11JUL26: Train 713(11) was delayed departing Corcoran, CA on the BNSF Bakersfield Subdivision due to loading issues on E/C2005. The crew contacted mechanical to troubleshoot. There were 69 customers on board and head end power was on and remained active. Mechanical was unable to resolve issue at location. Train 713(11) was terminated at location. The equipment was coupled to the rear of Train 715(11) and customers were transferred. Due to the turn of equipment and needing to service it, Train 715(11) with the equipment from Train 713(11) was terminated in Emeryville, CA then the equipment was brought to the yard where the equipment was separated to operate as 718(11).

As a result of this, Train 718(11) was delayed departing and also originated in Emeryville, CA. Customers traveling between Emeryville and Oakland, CA for both trains were reaccommodated on the next available service. The equipment was deadheaded into the Oakland Maintenance facility for servicing.

Train 22(11) McGregor, TX - Broken Rail

11JUL26: BNSF reported an impassable broken rail at MP277.5 on the BNSF Fort Worth Subdivision, approximately 34 miles north of McGregor, TX (MP243.5). The track was considered impassable because the location was accessible only by hi-rail vehicle. Train 22(11) arrived at the McGregor station at 11:46AM-CT and held for open track. BNSF Maintenance of Way personnel arrived at the location at 12:30PM-CT and estimated that repairs would up to two hours. Once repairs were completed, Train 22(11) departed McGregor at 2:07PM-CT, operating 2 hours and 20 minutes late. Additional delay was incurred at Clifton (MP270.8) waiting on southbound BNSF 9111 to clear and then Maintenance of Way to clear track and time ahead.

UPRR Desoto Subdivision Washout - North of Poplar Bluff, MO

10JUL26: At 3:30AM-CT 26-FBI-00590 00000008300 UNCLASSIFIED 7/15/2026 the UPRR DeSoto Subdivision at Annapolis (MP108), located 57.6 miles north of Poplar Bluff, MO (MP165.6). As a result, Train 22(09) arrived at the Poplar Bluff station at 4:04AM-CT with 144 customers onboard and held for disposition.

A Union Pacific Manager of Track Maintenance responded to the washout location at 4:20AM-CT and provided a preliminary estimated track restoration time of 2:00PM-CT. A detour route was available via the Chester Subdivision between Poplar Bluff and St. Louis, bypassing Arcadia. No customer impact occurred at Arcadia, as no customers were scheduled to board or detrain at that location. Union Pacific pilot crews went on duty at 6:10AM-CT and responded to the train, arriving at 7:00AM-CT. Upon the pilots' arrival, Train 22(09) departed Poplar Bluff at 7:21AM-CT and proceeded over the detour route via the Chester Subdivision.

At 12:00PM-CT, Union Pacific reported that floodwaters were not expected to begin receding until Saturday, July 11. Following the water's recession, a track inspection would be required before rail operations could resume through the area. As a result:

-Train 21/421(10) detoured via the Chester Subdivision with 6 on / 0 off at Arcadia. The affected six customers were notified and advised to rebook on the next available departure.

-Train 22(10)/422(08) detoured via the Chester Subdivision with 0 on / 5 off at Arcadia. A sprinter van transported passengers from Saint Louis, MO back to Arcadia, MO.

11JUL26: Union Pacific reported that the floodwaters were not expected to recede until Sunday, July 12th. As a result, Trains 22(11) and 21(11) were also routed via the Chester Subdivision detour with no alternate provided to/from Arcadia.

City of New Orleans Service Disruption

performed track inspections between Carbondale and New Orleans and no track defects were identified. Chicago inspected Train 390(27)'s inbound equipment to which no defects were found which helped to narrow down the location. CN track inspectors were deployed to conduct a full inspection of the equipment. Conditions expected later that evening. As a precaution, sales for Trains 59(27) and 58(28) were shut down.

Train 59(26) was stopped at Yazoo City, MS for inspection, where multiple wheel defects were identified on the Fireman side of cars 31025, 34028, 34014, and 33026. The same side as the defects found on Train 59(25)'s inbound equipment. The train was subsequently terminated at Jackson, MS after CN Mechanical responded and deemed the equipment not fit to proceed to New Orleans. Efforts were underway to secure alternate transportation for the 210 affected customers, while no alternate transportation was being provided for downline customers. Service recovery measures were enacted, including the distribution of snack packs and water, and customers remained in good spirits at the time. Amtrak's New Orleans Trainmaster and New Orleans Mechanical responded to Jackson, as well as CN Mechanical. The train 59(26) equipment was declared unsafe to move and was tied down on main track one at Jackson Station.

The following service adjustments were put into effect:

- Train 58(27-28) was cancelled in its entirety with no alternate transportation.
- Train 59(27-28) was cancelled in its entirety with no alternate transportation.

28JUN26: Due to lack of available equipment, the City of New Orleans service adjustments were extended through 29JUN as follows:

- Train 58(29) cancelled entirely, no alternate transportation between New Orleans and Chicago.
- Train 59(29) cancelled entirely, no alternate transportation between Chicago and New Orleans.

There were 26 enroute connecting passengers at Chicago impacted by the ongoing City of New Orleans service adjustments. These passengers were reaccommodated on Train 21/421(28) Chicago to Longview, TX, and then on thruway bus 6021(29) to Houston. As a result of accommodating these passengers, Train 21/421(28) was over capacity in coach by 26 seats between Chicago and St. Louis, MO. One supplemental bus was secured and operated Chicago to St. Louis express to alleviate the over capacity condition.

29JUN26: Due to the ongoing equipment availability issue, the service adjustments were extended through 30JUN.

30JUN26: Due to the ongoing equipment availability issue, the service adjustments were extended through 01JUL.

01JUL26: Due to the ongoing equipment availability issue, the service adjustments were extended through 03JUL.

02JUL26: Due to the ongoing equipment availability issue, the service adjustments were extended through 04JUL.

03JUL26: Due to the ongoing equipment availability issue, the service adjustments were extended through 06JUL.

04JUL26: The current plan is to resume service with Trains 58(07) and 59(07). Due to equipment availability, an additional cancellation was implemented. Trains 58(08) and 59(09) were cancelled and no alternate transportation was provided.

06JUL26: City of New Orleans service adjustments were updated as follows:

- Train 59(07) operated normal, Chicago, IL to New Orleans, LA.
- Train 58(07) cancelled entirely, no alternate transportation between New Orleans and Chicago.
- Train 59(08) cancelled entirely, no alternate transportation between Chicago and New Orleans.

09JUL26: Due to wheel defects found on 3 cars from inbound Train 59(07) in New Orleans, additional service adjustments are now enacted through 12JUL:

- Train 59(09-12) cancelled entirely, no alternate transportation between Chicago and New Orleans.
- Train 58(09-10) operated normal, New Orleans, LA to Chicago, IL.
- Train 58(11-12) cancelled entirely, no alternate transportation between New Orleans and Chicago.
