15MAR26, Passengers on PNR's 78282A and 9A8746, traveling from Miami, FL to Washington, D.C. were reportedly found smoking weed at a non-smoking stop. The travelers crossed live tracks to continue smoking. When a crew member advised them to get off the tracks the travelers became verbally abusive and requested access to their e-bike in the baggage car. Somehow the travelers were inside the baggage car before the conductor. The travelers were instructed to get out of the car and upon doing so they began throwing rocks at the Conductor. For the safety of the crew and other passengers the train departed without removing the bike. Amtrak Police notified.
