Operating Highlights

Train 97(10) - South of Rocky Mount, NC - Engine Failure

11MAR26: Train 97(10) was delayed on the CSX South End Subdivision at MP 130.0 due to its trail engine 311 shutting down. Upon initial inspection, the Conductor discovered the front axel on the fireman side was smoking.

The crew consulted with CNOC Mechanical and performed a set and release test in an attempt to get the brake to release.

The initial reset corrected the issue.

Train 97(10) stopped again, at MP 133.6 after the parking brake re-applied on the trail engine. The crew again consulted with Siemens technicians at CNOC to troubleshoot.

ASO Gordon responded to the scene and assisted the crew with manual disengagement of the parking brake on the trail engine.

Train 50(10) North of Rensselaer, IN - Debris

10MAR26: Train 50(10) ~~26-FOI-00361~~ ~~00000006083~~ ~~4/29/2026~~ six "UNCLASSIFIED" delayed on the CSX Monon subdivision 17 miles north of Rensselaer due to striking a tree at MP 54.8 caused by severe weather. There were no reported injuries to the 88 passengers or the crew. The train maintained HEP throughout the disruption. The crew reported branches under C/25094, which caused an air leak on the car. The crew patched two leaks on the number eight vent valve of C/25094 using a plug and epoxy to restore the air. It was necessary to cut out the brakes on C/25094 and continue operating freight speeds with 85% brakes. A small tree with branches was leaning up against C/25108. The only damages reported to the equipment were cosmetic. There was also a tree reported on the tracks ahead south of the train. Amtrak personnel, CSX MOW, and a CSX track inspector responded to the scene for assistance. CSX aided in removing the trees. Delays were extended due to mechanical issues with the chainsaw while removing the tree leaning against C/25108. Once the tracks were cleared and inspected, train 50(10) continued to Rensselaer. A plan was put in place to have Beech Grove mechanical meet the train and replace the number eight vent valve on C/25094. Customer service recovery was in effect with snacks packs and bottled water. There were two buses secured for alternate transportation if necessary.
